

BIOptimizers®
Optimizing Health Since 2004

BIOptimizers®: An Innovator for Category Growth

WHO IS BLOptimizers?

We've been helping people optimize their digestion and health since 2004.

We serve over 300,000 clients in over 90 countries (including the "who's who" of the Biohacking Industry)

Everything BLOptimizers creates has a simple philosophy: *"It's either the first in class or the best in class"*.

Our products are manufactured in cGMP certified facilities in the US

Bachelor's degree in Kinesiology/Sc. Phys Act

Strength and conditioning coach for multiple proathletes

Self-defense instructor

Over 10 years experience formulating world-class nutritional supplements

Passionate biohacker and student of health frameworks

BIOptimizers WORKS WITH AN ELITE TEAM TO CREATE THE “BEST-IN-CLASS” FORMULAS

BIOptimizers created a partnership and invested heavily with the Burch University in Sarajevo and created a probiotics lab with multiple PHDs in Bosnia working on creating the evolution of probiotics.

BIOptimizers never stops evolving the products. We keep researching and testing and upgrading the formulas. We have a million dollar lab filled with multiple genius PHDs running non-stop experiments on every ingredient and every formula to maximize their effectiveness.

BRAND PROPOSITION

CATEGORY EXPANSION

We can expand mature categories with our innovative and unique formulas

INNOVATION

Our products are unlike anything else on the market

GAINING CONSUMERS

While other supplement brands are declining and losing consumers, we are growing and gaining momentum. We are on an opposite trajectory from many supplement brands.

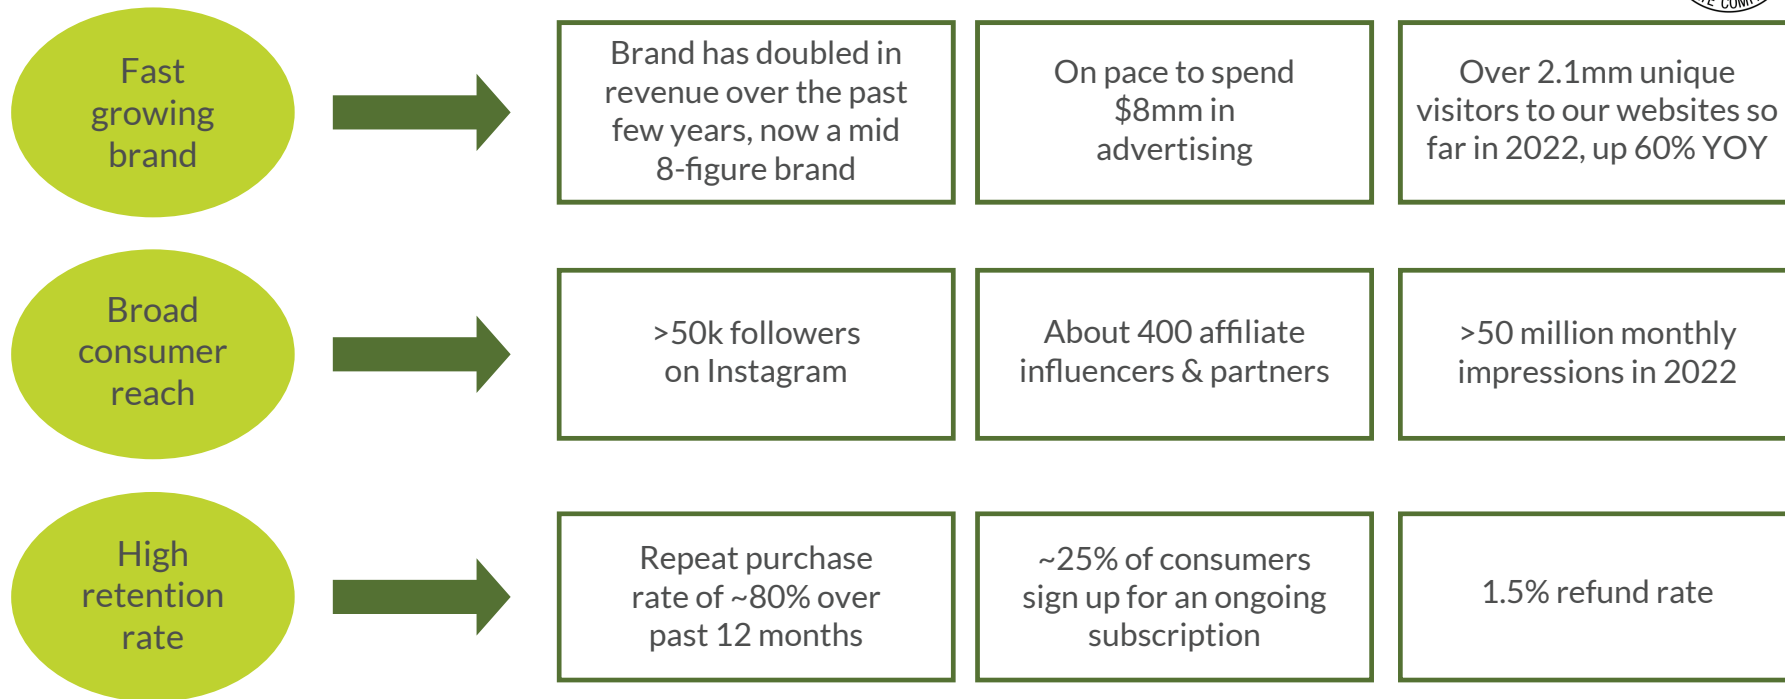

BRAND INVESTMENT

We are on pace to spend \$8mm in advertising in 2022, to BRAND INVESTMENT create consumer awareness of the brand

DEPENDABLE SUPPLY

*We have a 95% fill-rate, you can depend on us to have **DEPENDABLE SUPPLY** product on your shelves*

DIRECT TO CONSUMER METRICS *(Proof of Concept)*

These metrics all indicate the brand is in demand and has strong consumer retention. This suggests the brand will have good velocity at retail.

NEW LOOK

SAME FORMULA

MAGNESIUM BREAKTHROUGH

Containing 7 different forms of magnesium, there is currently NO OTHER magnesium on the market offering such full spectrum coverage

Contains Sucrosomial Magnesium®, a highly bioavailable sucrosomial complex of magnesium oxide providing 32 percent elemental magnesium. Because the magnesium is covered by a phospholipids plus sucrose esters of fatty acids matrix, its absorption is not impacted by the presence of other nutrients. A head-to-head test demonstrated that Sucrosomial Magnesium had faster absorption and 20 percent higher bioavailability than magnesium citrate, one of the most bioavailable forms of magnesium on the market.

MASSZYMES

Contains AstraZyme™, a proprietary all-natural plant derived compound extract from Panax ginseng and Astragalus that boosts amino acid absorption by 30-60%

- Contains 100,000 units of protein-digesting enzymes per capsule
- Most proteolytic enzyme formula on the market: Includes 17 different enzymes for maximum coverage and support
- We used cultured enzymes, which have scientifically been shown to be 100-1000x more potent

P3-OM

Uses a patented process to dramatically enhance L. Plantarum
(Patent #US 5895758 A)

- P3-OM uses a patented process to dramatically enhance L. Plantarum – one of the most studied probiotics ever – resulting in a new super strain that can digest the protein coating of pathogens like yeast, mold, viruses, and even parasites.
- The proteolytic nature means it helps convert protein into usable amino acids that feed your brain, gut, and muscles.
- Research demonstrates L. Plantarum is the most resilient probiotic strain available.
- Probiotic maintains its maximum shelf-life and potency at room temperature, which means you always get the CFU count listed on the bottle. No refrigeration necessary.
- P3-OM doubles every 20 minutes as long as it has nutrients to feed on.

GLUTEN GUARDIAN

Contains AstraZyme™, a proprietary allnatural plant derived compound extract from Panax ginseng and Astragalus to boost absorption of beneficial nutrients

- Blend of 6 plant-based proteolytic enzymes that includes Peptidase DPP IV (an enzyme clinically proven to help break down gluten) — as well as three enzymes that break down starches and sugars
- Specifically designed to support digestive issues relating to gut-irritating foods containing gluten or casein, found in wheat and dairy
- Contains AstraZyme™, a proprietary blend of plantbased proteases and Panax ginseng and Astragalus. These extracts improve amino acid and peptide absorption at the cellular level

KAPEX

- Improve keto, low-carb, and paleo digestion.
- Boosts AMPK (an enzyme that promotes energy production) in muscles by 52% and fat cells by 300%.
- Ups ATP (energy) in your liver by 22%, which makes the liver better at ketogenesis and detoxification.
- Amps adiponectin (a hormone from fat cells that promotes fat loss and healthy blood lipids, while balancing inflammation) by up to 248%.
- Helps lower inflammation.
- Boosts cardiovascular health.
- Prevent digestive upset from high-fat meals.
- Aids digestion.
- Increases energy.
- Reduces keto flu and fatigue during keto-adaptation.
- Improves mitochondrial health and activates antiaging pathways.
